

New Product Development

We exist to **drive progress**. Our products are a result of this. We share each new innovation with you, our customer, so you have more gas-packaging possibilities within reach.

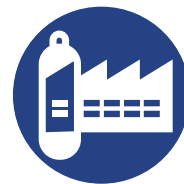

Because not everyone is a powerlifter

We've made the lightest cylinder on the market even lighter!
Work better and breathe easier with our new **50L 200 BAR 41 kg cylinder**.

feather-light **41 kg**

50 L 200 BAR, 41 kg

industrial
gases

weight

What is new?

- A feather-light **41 kg**
- optimized height including a flatter shoulder

Your Advantages

- Greater Efficiency: Easier handling at all touch points
– filling, use, maintenance, transport
- Lower transportation costs
- Lower CO2 emissions

Tried and tested

- Unbeatable overall quality
- Excellent inner surface
- LongLife PowerCoat for highest corrosion protection and durability
- Lightest steel cylinder in the industry
- Largest circular footprint in the industry
- On-time delivery
- Fast response times
